ALBERTA DIRECT TRADE

Alberta direct trade this week have seen light trade develop with dressed sales at mostly \$550.00/cwt delivered, \$5.00/cwt higher the previous week. All Western Canadian packers bought cattle this week. Cattle that traded were scheduled for the second half of April delivery. Cattle from Saskatchewan and Manitoba are coming west into Alberta for processing. Over the past fifty years April and June have the highest probability of seeing first half of the year highs. The hole between yearlings and fed calves could be larger than normal. This has, and should continue to support interest on the cash market.
