ALBERTA DIRECT TRADE

Alberta direct trade this week have seen light trade develop with dressed sales ranging from \$580.00-592.00/cwt delivered, \$8.00-10.00/cwt lower than the previous week. A softer price tone was noted as the week progressed. Packer competition on the cash market has moderated. In some instances, packers were limiting the amount of cattle they were buying from each producer and in other cases were not bidding on cattle. Despite lower prices, stronger basis levels did encourage producers to market cattle. Western Canadian fed prices were at a premium to the Eastern Canadian market that premium has disappeared.

For the most part business has wrapped up for this week. US steer carcass weights dropped 7lbs to average 961lbs, the smallest weights have been this year. Seasonally carcass weights should be bottoming.
