ALBERTA DIRECT TRADE

Alberta direct trade on Wednesday saw light trade develop with dressed sales ranging from \$565.00-570.00/cwt delivered, \$15.00-17.00/cwt lower than the previous week. Buying interest has been noted from all Western Canadian packers but competition on the western Canadian fed cash market remains somewhat limited. In some instances, packers are limiting the amount of cattle they are buying from each producer and in other cases they are not bidding on cattle. US packer interest has been noted. US packers are wanting to formula price fed cattle off the US five-area average price. Selling interest to the US has been limited.
