<b>Cutout Values</b> (noon estimate):	239.95	215.70

### ALBERTA DIRECT TRADE

Alberta direct trade remained untested with little business expected to develop today. Canfax notes that this week's offering is smaller than last week in volume.

### U.S. TRADE (U.S. funds)

The U.S. cash cattle trade was untested today, however a couple of hundred head sold yesterday from \$114.00-\$115.00 live and \$181.00-\$182.00 dressed which is steady to last week but not enough sold to establish a market. Today no bids developed but asking prices are sitting around \$117.00-\$118.00 live in the south and \$185.00-\$188.00 dressed in the north. Active trade is not expected to develop until the second half of the week. Yesterday's announcement that the Tyson plant in Kansas plans to begin processing the first week in December and expects to be back to normal capacities by the first of the year, did not have much of an impact on today's markets.
