ALBERTA DIRECT TRADE

Alberta's direct trade this week was light with trade reported at \$260.00 delivered on a dressed basis which Canfax notes is steady to \$5.00 cwt stronger than last week. Majority of the trade this week was steers, with too few heifers sold to report. Canfax notes that the cattle traded this week were being scheduled for the second half of September delivery.

Heifers	Live	N/T	Rail - FOB	N/T

U.S. TRADE (U.S. funds)

The U.S. cash cattle trade this week was a bit disappointing as sellers were hoping for much stronger prices. Reports of lower production due to mechanical breakdowns and labour issues this week was partly to blame as demand and volumes traded were lighter. In the south trade ranged from \$121.00-\$123.00 live mainly \$122.00-\$123.00 steady to \$1.00 stronger. Business in the north ranged from \$200.00-\$208.00 dressed, mostly \$202.00-\$203.00 up \$1.00-\$2.00 on average with live deals from \$125.00-\$130.00, mostly \$128.00 up \$1.00 from last week's northern trade. Bids surfaced today in the north at \$200.00-\$202.00 dressed but no trade was reported. Asking prices on the few remaining cattle are at \$124.00 plus live in the south and \$205.00 plus dressed in the north. For the most part it appears the bulk of trade for the week has been completed.
