### ALBERTA DIRECT TRADE

**Alberta direct trade** remains untested however some business is expected to surface this afternoon. Asking prices are sitting around \$238.00 plus delivered on a dressed basis. Canfax reports: "Packers seem to be getting longer bought as lift times are stretching out. Western Canadian steer carcass weights are record large for the month of September. With big cattle and longer pick up times for fed cattle, there could be additional pressure to market cattle. Canadian fed cattle exports to the US have picked up, volume wise this is the largest weekly volume seen this year."

### U.S. TRADE (U.S. funds)

**The U.S. cash cattle trade** saw a light scattered trade yesterday, but not enough to establish a market. A few sales in Texas were steady at \$124.00 live, Kansas was lower at \$122.00 live and the north was barely steady to \$2.00 easier from \$193.00-\$196.00 dressed and \$122.00-\$123.00 live, with the premium over the south diminished. Today, a light trade has developed in the south at \$124.00 live, fully steady to last week with a few scattered deals in the north from \$123.00-\$124.00 live and \$196.00 dressed, also steady to last week's weighted averages. Asking prices are reported at \$125.00 live in the south and \$198.00 plus dressed in the north.

**The Central Stockyards online auction today**, there were 3,350 head on offer, in 20 lots with delivery in 1-18 days. Four lots sold, with one lot at \$122.25 and the other three at \$124.00. Eight lots were scratched and eight lots unsold with reserve prices from \$122.00-\$124.00 not met, with most at \$124.00. Some of the scratched lots today were sold before the auction at \$125.00 live in Nebraska.
