U.S. TRADE (U.S. funds)

The U.S. cash cattle trade last week was active on Wednesday and light the remainder of the week. Business in the south was steady from \$123.00-\$124.00 live, while deals in the north ranged from \$188.00-\$197.00, majority from \$194.00-\$196.00 which is \$1.00-\$2.00 easier, with a few live sales also lower than last week's northern trade from \$122.00-\$124.00. Average prices for the week, reported by the USDA Mandatory Price Report listed live steers at \$122.56 down \$1.08 while heifers averaged \$122.71 down \$0.95. On the rail steers averaged \$195.17 down \$1.13 with heifers at \$194.62 down \$1.86 from the previous week on average.

Today, the market was very quiet as new show lists were distributed. This week's offering is reported as higher in Kansas but lower in all other feeding states. No bids have surfaced and asking prices remain unestablished with little business expected to develop before Wednesday at the earliest.
