### ALBERTA DIRECT TRADE

Alberta direct trade remains untested with little business expected to surface today. Canfax notes that this week's offering is larger than last week in volume with asking prices sitting around \$268.00 cwt delivered on a dressed basis.

### U.S. TRADE (U.S. funds)

The U.S. cash cattle trade saw a couple of deals Monday at \$122.00 live in the north which is barely steady while sales in Kansas were fully steady at \$124.00 live, but not enough sold to establish a market. Today, things were quiet with no bids on the table. Smaller show lists this week and stronger cattle futures yesterday are encouraging sellers to price cattle firm, especially with contracts holding on to Monday's advances. Asking prices are sitting around \$125.00 plus live in the south, however the north remains unestablished. Packer interest should start to surface this afternoon.
