ALBERTA DIRECT TRADE

Alberta's direct trade was light this week with trade on Wednesday from \$261.00-\$263.00 delivered on a dressed basis. Thursday business was reported by Canfax at \$260.00-\$263.00 delivered, steady to \$2.00 lower than last week's sales. Canfax reports: "Cattle that traded this week were being scheduled for the second half of November delivery. There were a couple instances where cattle would not be picked up until the first week in December. It was a tough week for both the fed cattle and non-fed market this week. Western Canadian packer competition on both markets were limited."
