<b>Current Five Day Average:</b>	288.64	266.80

### U.S. TRADE (U.S. funds)

The U.S. cash cattle trade last week was light on Tuesday, but very scattered on Wednesday and Thursday as sellers held out for higher prices, and were successful this week. Prices on Friday were \$2.00 higher than early week trade. Sales in the south ranged from \$126.00-\$130.00 live up \$2.00-\$5.00 cwt. Deals in the north ranged from \$200.00-\$206.00 dressed, mainly \$202.00-\$204.00 with a few live sales from \$127.00-\$130.00. Overall prices for the week, reported by the USDA Mandatory Price report, saw steers averaging \$129.23 up \$2.94 from the previous week, while heifers averaged \$129.04 up \$3.22. On the rail, steers averaged \$202.81 up \$2.92 with heifers averaging \$202.31 up \$2.27.

Today the market was quiet as both sides took inventory and new show lists were distributed. This week's offering is reported as larger in the north, somewhat larger in Texas and lighter in Kansas. Asking prices are reported at \$132.00-\$134.00 live in the south while the north remains unestablished. Active trade is not expected to develop before Wednesday.

Choice and Select Steers and Heifers:      Live      N/T  
Rail      N/T
