ALBERTA DIRECT TRADE

Alberta direct trade was reported by Canfax as limited with prices reported at \$260.00 cwt delivered on a dressed basis, down \$10.00-\$11.00 cwt from last week's sales. Canfax reports: "There have been a few more Canadian fed cattle being shipped into the US for slaughter, most if not all the cattle going south are contract cattle. With drought conditions this past summer, a lot of yearlings moved off pastures earlier than normal. As a result, there is more market ready cattle hitting the January market than we would normally see for this time of the year."
