ALBERTA DIRECT TRADE

Alberta's direct trade this week was light notes Canfax with prices holding fully steady at \$302.00-\$304.00 cwt delivered on a dressed basis. Canfax reports: "Packers have not been limiting the amount of cash cattle they are buying from each producer. This is helping keep feedlot inventories current. Cattle that traded were being scheduled for early to mid-October delivery. Alberta fed prices are trading par with the Ontario market."
