ALBERTA DIRECT TRADE

Alberta direct trade was light on Wednesday with sales reported by Canfax at \$304.00 cwt delivered on a dressed basis, up \$2.00 from last week's trade. Canfax notes: "US packer interest has been quiet, but inquiries should improve as the week progresses. In the odd instance packers have been limiting the amount of cattle they are buying from each producer. There is a strong correlation between carcass weights and quality grade percentage. With carcass weights near record large Canadian Prime and AAA grading percentage has been record high for the month of October."
