ALBERTA DIRECT TRADE

Alberta direct trade was reported by Canfax as \$1.00-\$4.00 cwt higher at \$305.00 delivered on a dressed basis. Canfax notes: "Competition on the cash market remains limited with one packer buying most of the cattle. US packer interest has also been quiet. With historically weak basis levels and knowing the seasonality of the market as prices tend to strengthen towards the end of the year. Many cattle feeders have been fighting the market adding additional weight to their cattle in hopes of higher prices."
