ALBERTA DIRECT TRADE

Alberta direct trade remains untested with little business expected to develop today. Canfax notes: "this week's offering is steady to last week in volume. Most of the cattle being marketed are yearlings however we are starting to see a few fed calves hit the market. Feedlot inventories are becoming more current and carcass weights also remain well below last year.

U.S. TRADE (U.S. FUNDS)

The U.S. cash cattle trade remains very quiet today with no bids on the table. A couple of live deals in Iowa yesterday were noted at \$175.00 live, steady but not enough to establish any kind of market. Asking prices in the south are surfacing at \$174.00-\$175.00 live but the north remains undefined. Active trade is not expected to develop today but packer interest should start to surface.
