## ALBERTA DIRECT TRADE

Alberta direct trade was light this week with Canfax reporting sales at \$390.00 cwt delivered on a dressed basis which is steady to \$1.00 cwt higher than last week. Canfax notes: "Cattle that traded were being scheduled for late September/early October delivery. US packer interest was noted this week, but no sales were confirmed. In Western Canada lift times have started to tighten, there has also been the odd report cash cattle are being picked up ahead of schedule. In general, it was another week of steady prices and cattle that needed to move were marketed to avoid heavy weight carcass discounts."
