Cutout Values (noon estimate):	405.64	383.68
Change (from yesterday's close):	-2.03	-3.28
Current Five Day Average:	411.67	386.60

ALBERTA DIRECT TRADE

Alberta direct trade on Tuesday saw no new trade to report. Asking prices have been reported at \$528.00/cwt delivered. The market signals are mixed this week with Northern US fed prices under pressure while Eastern Canadian fed prices steady. Canadian beef exports for the month of July were 10% higher than last year, this is the second consecutive month that beef exports have been above last year, more beef ended up being shipped to US, Japan, Mexico and the Philippines.

U.S. TRADE (U.S. FUNDS)

The U.S. cash cattle trade saw light trade reported in Iowa and Nebraska yesterday with dressed sales ranging from \$375.00-382.00/cwt (mostly \$378.00/cwt), \$4.00-8.00/cwt lower than last week. Today, live bids in Kansas were reported at \$236.00/cwt, bids are \$6.00/cwt weaker, while in Nebraska dressed bids are noted at \$375.00/cwt. yesterday feeder cattle contracts closed 925 points lower, this is the second time in less than one month that feeder cattle contracts have closed limited down. Despite the pullback on the futures market, there are still lots of positives in the cattle complex that should not be ignored, wholesale beef prices have been strong, packer margins are slightly positive.
