ALBERTA DIRECT TRADE

Alberta direct trade on Thursday saw light trade develop with dressed sales ranging from \$495.00-\$505.00/cwt delivered, steady to \$5.00/cwt lower than the previous week. Cattle that traded were being scheduled for December delivery. Some cattle were bought flat with no heavy weight carcass discounts, but that was not widespread as a lot of the sales had heavy weight carcass discounts at 1,050lbs. Alberta fed basis levels strengthened this week, which encouraged producers to keep shuffling cattle along. There have been reports that one plant is doing scheduled maintenance or upgrades which could result in lighter processing rates.

Steers	Live	N/T	Rail- del	495.00-505.00
Heifers	Live	N/T	Rail- del	495.00-505.00

U.S. TRADE (U.S. FUNDS)

The U.S. cash cattle trade saw light trade reported in Iowa and Nebraska yesterday with dressed sales at \$360.00/cwt, \$5.00-\$12.00/cwt lower than the previous week. Live sales in Texas and Kansas were from \$235.00-\$235.50/cwt, \$3.00/cwt lower. Today, the market tone is steady to a little stronger, a few cattle in Texas have traded with sales up to \$236.00/cwt. Over the past three days the April 2026 feeder cattle contract has rallied \$10.00/cwt, filling one of the gaps left earlier this week. From their highs in mid-October the contract is still down \$50.00/cwt.
