ALBERTA DIRECT TRADE

Alberta direct trade on Tuesday saw no new trade to report. There have been rumblings dressed bids are steady with last week. Asking prices are ranging \$595.00-600.00/cwt delivered. Over the past three weeks, Western Canadian steer carcass weights have been hovering on either side of 900 lbs, 15-25 lbs heavier than last year. The Bank of Canada held interest rates steady for the fifth consecutive time.

U.S. TRADE (U.S. FUNDS)

The U.S. cash cattle trade saw no new trade to report. Yesterday dressed bids were at \$403.00/cwt, steady with Monday and \$2.00/cwt lower than last week. Business in the Southern feeding states has been quiet with no bids to speak of. The story has been the same over the past couple of weeks beef cutout values have struggled to post a price rally. Looking forward there are a couple key holidays and events upcoming with Father's Day and the July 4th holiday. On top of that, the US has regained access to the Chinese market. All these should be price supportive to the beef complex.
