

BFO SPECIAL PROJECT FUND

The Beef Farmers of Ontario (BFO) Special Project Fund provides additional funding support to local associations who actively subscribe to BFO's Sharecost Program. The fund is intended to support unique and exceptional projects that help to expand the reach of beef production education and beef promotion in rural and urban communities across the province. Local associations who meet the cap under BFO's Sharecost Program are eligible to receive 100 per cent funding up to a maximum of \$2,500 per project. Projects that are administered by more than one county/district are encouraged.

Funding Criteria

- Submitted projects/project concepts must be new/unique, re-occurring events would not be eligible for funding .
- Local associations must intend to meet the cap in Sharecost Program funding and projects would not be submitted for Sharecost funding.
 - There will be a 20% holdback of the \$2,500 until December, to ensure Sharecost funding has been used in its entirety.
- Local associations can apply at any time.
- Only one project per county/region can be submitted per year.
- Project concepts are encouraged to be submitted prior to the project start date for approval.
- Projects can be submitted after completion; however local associations acknowledge the risk that the project may not be approved for funding.
- If your association is submitting a project concept, BFO requires at least two months prior to the expected project start date to review the application.
