Accurate information of all cattle sellers in Ontario provides a critical tool that enables the verification of Beef Farmers of Ontario (BFO) membership eligibility and voting rights, aids BFO in response to animal care events and emergencies, and assists in the timely response to major Foreign Animal Disease (FAD) outbreaks and other serious animal health or public health emergencies. Not only does the timely and accurate submission of seller information assist BFO in carrying out its mandate, it is required by law under the Beef Cattle Marketing Act.
